We look forward to seeing you soon.
European Energy Union

@2017 The **European Energy Union** works closely with customers and external partners and the global energy network comprising experts to analyse the most important challenges for the energy industry and develop practical solution-based approaches for an ever-increasingly dynamic and complex environment.

The main subjects of the Forum will be the European legal framework of reporting (Regulation (EU) No 1227/2011 on wholesale energy market integrity and transparency, and Commission implementing Regulation (EU) No 1348/2014 on data reporting implementing Article 8(2) and Article 8(6) of Regulation (EU) No 1227/2011 on wholesale energy market integrity and transparency), **ACER** and **NRAs** implementation and **ARIS Data System Collection**.
